

2021 first-year application

for admission & scholarships

Western Washington University is a dynamic, innovative public university ranked among the best in the Pacific Northwest. Western is recognized for excellence in undergraduate education, an increasingly diverse learning environment and a strong sense of community. Students choose Western for the top-notch academic quality, size, location, success of graduates and affordable cost.

FIRST-YEAR ADMISSION CRITERIA

Admission to Western Washington University is based on a number of different factors. Meeting minimum requirements does not guarantee admission, as the number of qualified applicants exceeds the number of available enrollment spaces.

The most important criterion in the selection process is demonstrated academic achievement, including grade point average, quality and rigor of course work and grade trends. SAT or ACT scores will be considered, if provided. Activities, leadership, special talents, multicultural experience and individual circumstances are also considered.

Applicants are encouraged to pursue academic coursework and advanced study beyond the minimum course requirements. Advanced Placement (AP), International Baccalaureate (IB), Cambridge International, Running Start or other College-in-the-High-School, Honors courses, and even a full load of standard academic courses provide an excellent foundation for a successful college experience.

The minimum recommended high school courses include:

- 4 units of English, including 3 units of college prep composition and/or literature
- 3 units of mathematics beyond pre-algebra, including completion of algebra II*
- 2 units of science, with one year of algebra-based chemistry or physics; one year must include a lab
- 3 units of social science, such as history, civics, psychology, economics, etc.
- 2 sequential units in a single world language, Native American language or American Sign Language. This requirement may be satisfied for students from non-English speaking countries who entered the U.S. educational system in eighth grade or later
- 1 semester or trimester of fine and performing arts

** During the senior year of high school, students must earn a credit in a math-based quantitative course. Completion of higher-level math prior to the senior year exempts students from the senior year quantitative course requirement (e.g., pre-calculus, math analysis or calculus).*

9. Extracurricular, Community, Work and Personal Activities

We believe that ability and potential are measured by more than grades and test scores. Help us learn how you spend your time by providing a list of your most meaningful activities and achievements in grades 9-12. This could include areas like: community involvement, volunteer experience, employment, athletics, extracurricular clubs, arts, family responsibilities, or special awards and recognition. Be sure to include the name of the organization or involvement, your position or role, and how long you have participated. You may also share a short description about the activities that are most significant to you. You can find tips and examples on how to organize your activity list on our website at admissions.wwu.edu/activities.

10. Essay Questions for Admission and New Student Scholarships

Help the Admissions Committee learn about you beyond what we can see in your transcript, test scores and activity list by expanding on one of the prompts below. Your response will be reviewed for both admission and scholarship purposes.

Please select **one** of the essay prompts below and provide your response.

- Describe any activities you have been involved in related to diversity or multiculturalism in your community.
- Share a meaningful experience and how this has helped shape you in your preparation for college. This could be related to your passions, commitments, leadership experience, family, or cultural background.
- Admissions essay – topic of your choice. If you have written another essay that captures what you want the Admissions Committee to know about you, feel free to share it here.

Most essays are about 500 words, but this is only a recommendation, not a firm limit. Feel free to take what space is necessary for you to tell your story. You can find tips for writing a strong application essay on our website at admissions.wwu.edu/essay.

The Admissions Scholarship Committee awards scholarships based on the information provided within your application for admission and does not require an additional scholarship application. Students are encouraged to submit the Free Application for Federal Student Aid (FAFSA), or Washington Application for State Financial Aid (WASFA), prior to the January 31 priority deadline, as some scholarship criteria include financial need. Information about new student scholarships is available at admissions.wwu.edu/scholarships.

11. Tell Us More (optional)

Describe any special circumstances that created challenges or opportunities for you while in high school **and** what you learned from those experiences. This might include personal or academic challenges, being the first person in your family to pursue college, inconsistent grade trends, a grade point average or test scores that you feel do not reflect your potential, or anything else you feel the Admissions Committee should know about you and your ability to succeed in college.
